1, 10Processor: Processor: 2 0 GhzMemory: 2 5 GB RAMGraphics: 128mb Video Memory, capable of Shader Model 2.. 0+Network: Broadband Internet connectionStorage: 150 MB available spaceEnglish, French, Italian, German, Hungarian, Polish, Russian, Czech This game is fun, and inexpensive! Only 2 things I wish were different, to be able to rotate blocks and being able to change your controls. Build Wars Download Direct LinkDownload >>> http://bit. Improve your skills and your tools too and trample down your opponents - or just enjoy their masterpieces and learn from them as they defeat you.
